Convoys Wharf Development - Plot 08
Enabling & Piling Works | May 2022

Dear Neighbour,

Welcome to the May Newsletter from McGee. McGee has been appointed by Hutchison Property Group as the Principal Contractor for the site enabling works and Piling works for Plot 08 at Convoys Wharf. The last four-week period has included the following activities on site:

- Piling works have now been completed
- Small team on site performing pile cropping activities

What does this mean for us?

- Less construction traffic going forward
- McGee works completed in 9 weeks

A further newsletter will be issued next month, updating you on progress, as well as any other matters that may affect you during the works.

We are always keen to improve our relations with our neighbours and would welcome any suggestions you may have. Please don't hesitate to get in touch with the team, with the contact details provided at the end of the newsletter.

Many thanks,

The Team at Convoy Wharf

Site working hours

General site working hours are as follows- 08.00 to 18.00 Monday to Friday. 08:00 to 13:00 Saturday.

Environmental Strategy

The remediation strategy for the project is to re-use as much of the existing material on site as possible within the pile mat for Plot 08, minimising the movement of vehicles in and out of the Convoys Wharf development.

Considerate Constructors Scheme

This site is registered with the national Considerate Constructors Scheme (CCS). The CCS is based around three cornerstones:

- **Respect the Community**
- **Care for the Environment**
- **Value their Workforce**

As part of this initiative, we make contact with our neighbours, providing regular updates on the project and ensure that the site hoarding is kept clean and tidy.
